#### For Test Papers to be taken at home:

- \* It is suggested that you take all the tests at home during the JEE timings, thereby making sure your biological clocks are tuned for peak performance on the JEE day. If you get habituated to taking the test at night, your body and mind get tuned for the best performance at night but that may not be of much avail on the JEE day. To simulate exam like conditions, following guidelines are suggested:
- ❖ Choose a chair, table and a place to sit undisturbed for test duration. Use only Black Pen. Approach examination table 15 minutes before start time of Test. Strictly stick to the starting and ending times of your Test, decided before hand. You will be given no extra time whatsoever in JEE.

# **Concept Recapitulation Test Papers** are Practice Test Papers through which particular concepts are to be revised. These papers are very helpful to revise the topic of Physics, Chemistry & Mathematics without actually revising the entire theory. In these papers, representative problems are there from various concepts of JEE syllabus, through which students can recapitulate entire topics before JEE within short span of time.
